

## VISITING SCHOLAR OPPORTUNITY

The Department of Mechanical Engineering at the University of Arkansas is seeking an outstanding, highly-qualified, active researcher to collaborate and enhance existing research groups.

This position is a non-tenure track, visiting position, available for one semester or up to one year. The successful scholar will work in conjunction with established Mechanical Engineering faculty to enhance pre-defined research activities, collaborate on grant proposals, and publish journal articles. Specific research areas of interest are:

- Design
- Energy
- Fluids
- Manufacturing
- Materials
- Mechanics and Controls
- Micro/Nanotechnology

If you are interested in this opportunity, please contact the faculty member who most aligns with your research interests to forward your nomination for the position.

Complete faculty profiles, research interests, and contact information may be accessed at [mechanical-engineering.uark.edu/Directory](http://mechanical-engineering.uark.edu/Directory).

### About:

Founded in 1871, the **University of Arkansas** is rated in the highest research classification possible by the **Carnegie Foundation** for the Advancement of Teaching and has research expenditures of \$133.7 million.

The **Department of Mechanical Engineering** offers BS degrees to approximately 550 undergraduates with an average high school GPA of 3.82 and participates in the programs of the University Honors College. The MS and PhD programs serve approximately 50 graduate students. The faculty includes 1 NSF Career Awardee and produces over 100 publications per year with annual research expenditures are approximately \$2.2 million.

Located in the stunning Ozark Mountains of northwest Arkansas, Fayetteville is home to the University of Arkansas campus, known for its spectacular views and ample green spaces. Fayetteville is considered one of the country's finest college towns, and the surrounding northwest Arkansas region is regularly ranked one of the best places to live in the U.S. Some of the nation's best outdoor amenities and most spectacular hiking trails are within a short drive of campus.
